

INSURANCE POLICY

We accept most major insurances. Please be aware that it is your policy and you should be familiar with the coverage information.

All insurances have frequency limitations. Most insurances do not pay at 100 %; and the majority require a deductible for certain procedures. Please arrive at the office prepared to pay any deductible that is required.

If a procedure is scheduled before your insurance will pay for it, due to frequency limitations, the payment is your responsibility.

As the subscriber of the policy, you are responsibility for any and all charges not paid by your insurance carrier.

The Business Office of Joseph S. Gay, D.D.S.
